Instant Camera

01 Take bright photos, no matter where or when!

Shutter speed, flash brightness and other settings automatically adjust to ambient light, so you can take the perfect photo with ease.

Natural-looking selfies with bright backgrounds

02 Easy to use for the perfect close-up!

Twist the lens to turn on, twist again for Close-up mode, simple! This mode is ideal for distances of 30 to 50 cm.

Print the object right in the center

Close-up mode OFF

Close-up mode ON

When you set the Close-up mode ON, the object in print will be right in the center.

03 Take better selfies than ever before!

Use the selfie mirror to line up your shot. Flash adjusts automatically, even in Close-up mode! Get just the right amount of light without overexposing the photo.

Have even more fun with the INSTAX UP! app

This App lets you easily store your INSTAX photos digitally in one place to share them with your friends!

Scan your INSTAX photo using your Smartphone.

Create your own collection to share online!
